The first thing you should  
 know is that you can  
 get a lot of things for  
 your money.

In fact, a well chosen  
 selection of things can be  
 made for a very small  
 amount of money.

The things you can get are:

1. A large quantity of various plants.

2. A large quantity of seeds - which can be planted in the ground or in a pot.

3. A large quantity of flowers - which can be planted in the ground or in a pot.

4. A large quantity of fruit - which can be planted in the ground or in a pot.

5. A large quantity of vegetables - which can be planted in the ground or in a pot.

6. A large quantity of herbs - which can be planted in the ground or in a pot.

7. A large quantity of flowers - which can be planted in the ground or in a pot.

8. A large quantity of fruit - which can be planted in the ground or in a pot.

9. A large quantity of vegetables - which can be planted in the ground or in a pot.

10. A large quantity of herbs - which can be planted in the ground or in a pot.

11. A large quantity of flowers - which can be planted in the ground or in a pot.

12. A large quantity of fruit - which can be planted in the ground or in a pot.

13. A large quantity of vegetables - which can be planted in the ground or in a pot.

14. A large quantity of herbs - which can be planted in the ground or in a pot.

15. A large quantity of flowers - which can be planted in the ground or in a pot.

16. A large quantity of fruit - which can be planted in the ground or in a pot.
